

Baldwin & Lyons

130,000 Sq. Ft.
Over 1 Million Dollars Saved

The Challenge:

- Relocating 380+ employees
- Combination of existing and new furniture
- Multiple phasing and complete clean out of existing space

"Relocation Strategies planned the move of over 350 staff over a period of 12 days to create minimal downtime for Baldwin & Lyons. Relocation Strategies designed, specified, and bid out all of our new furniture to obtain competitive prices. Their approach minimized the need for us to purchase new private office furniture. We were able to utilize 100% of our existing private office furniture in our new building."

The Solution:

- Bid out furniture and move vendors
- Planned detailed move schedule for phasing to allow employees to move with management
- Move schedule over 2 week time frame including mail center

TIM RUSSELL
IT Operations, Baldwin & Lyons

The Summary:

- Timeline was met
- Saved thousands of dollars on furniture
- Successful multi-phase move that resulted in minimum downtime for staff
- Removed all leftover furniture from existing space
- Reutilized
 - 134 private offices
 - Bid the furniture and move
