## 9,000 Sq. Ft.

### The Challenge

- Needed guidance during transition Find cost
- Find savings during the process
- Complete the move with minimal downtime

*"We could not be more pleased with our choice to bring on Relocation Strategies as a partner in our move to a new space. From our first meeting until our post-move communication, they took wonderful care of us and ensured we stayed on schedule and within budget. They were a huge asset to us during what could have been an even more stressful time, and we would highly recommend them to anyone contemplating a business move."*

### The Solution

- Planned, detailed, and executed move schedules, drawings, and planning guides
- Created move and furniture budgets, re-used existing furniture by inventorying existing furniture using proprietary IDEA software
- Bid out Move & Furniture Vendors
- Provided schedules and planning to keep on track and plan for minimal downtime

### The Summary

- Met move time line
- Saved thousands of dollars on bidding out services
- Managed a successful move that resulted in minimum downtime for staff
