

## First Horizon After: 8,000 Sq. Ft.

First Horizon purchased an existing building had a large fish tank in the center of the building and we converted it to a space that fit their needs. We helped them reimagine the space with new finishes and standardizing the offices while selecting new furniture to compliment our design.

"We are so happy to be in our new space! Relocation Strategies helped us with everything from space planning and construction documents to furniture selection, procurement and finishes. it was nice to have a partner who kept our budget and desires in mind while creating a beautiful new space we will be in for years to come."

Relocation Strategies provided the following services to First Horizon:

- Field Verification
- Space Planning
- Design & Finish Selection
- Construction Drawings
- Furniture Specification

Patrick Diemer, Owner  
First Horizons
