

## Bankers Life Fieldhouse Expansion Project: Approx. 600,000 Sq. Ft.

“Relocation Strategies performed inventory, removal and sale of owner assets for Capital Improvement Board and Indiana Pacers at the Banker Life Fieldhouse Expansion Project. Melissa and her team provided outstanding detailed information on thousands of items in multiple areas to be vacated to support the beginning of renovation and expansion. Ownership of each item was determined and items were sent to storage or auction with value returned to the Capital Improvement Board. All this work was performed in very tight timelines with moves completed in hours not days. Relocation Strategies is a valuable member of our team allowing Ownership and Construction Manager to focus on the very challenging renovation project.”

Nate Moore  
Bankers Life Fieldhouse Expansion Project  
Project Executive | Shiel Sexton Company, Inc.

Relocation Strategies provided the following services to Indiana Pacers:

- Move Management
- Inventory to determine which items could be reused, donated or auctioned
