

Borshoff New Office: After 7,098 Sq. Ft.

"In 2017, when Borshoff needed to move from our headquarters in the heart of downtown to the Cultural District on Mass Ave, we called Relocation Strategies to help us orchestrate the big items and manage the small details. Then in 2021, when we moved again, we made the good decision to enlist their support. We were only moving across the street, but we knew we needed their professional guidance. Both times, Melissa and her team provided timely responses and a trusted partnership, helping us secure the right bids and streamlining the processes to make a smooth transition to our new space."

Karen Alter
CEO | Borshoff

Relocation Strategies provided the following services to Borshoff:

- Move Management
