

## Indiana Convention Center: After Approx. 80,000 Sq. Ft.

“Under Ration Architects’ direction, we were hired as the lead team member for the specification of the Furniture, Fixtures and Equipment (FF&E) for the Indiana Convention Center Expansion in Indianapolis. WE subsequently hired Relocation Strategies, a Women’s Business Enterprise (WBE) firm, to assist us in the specification writing documentation and installation of all FF&E to ultimately be placed within the new facility. We are very satisfied with the planning phase with Relocation Strategies and had a smooth installation as well.”

Dene Dresch Nidiffer, IIDA  
Principal & Project Manager for the Indiana  
Convention Center Expansion FF&E Team

Relocation Strategies provided the following services to Indiana Convention Center:

- Specified + Managed installation for \$5 Million of Furniture, Fixtures + Equipment
